REMARKS FROM THE PROGRAM COORDINATOR

"Coming to the 5th year of the program, Didik-Kasih EduCare Program has transformed the lives of many students from being a receiver to becoming a giver. My role as a program coordinator and mentor has granted me the opportunity to guide these students throughout the assistance period. From checking on their progress and lending them a listening ear, to helping them when necessary and coaching them to conduct their very own charity project, many of these students have transformed, learnt new skills, and achieved higher goals. It is simply rewarding to witness the growth journey of the students, whom are like family members to me and our team. Education is the key to success, and I hope that these aspired youths will continue to pursue their dreams and not let obstacles stand in their way to achieve a better future."

Chor Mun Yan, Didik-Kasih EduCare Coordinator.
